

com · fort zone

noun | a place or situation where one feels safe or at ease without stress

Comfort Zone™

by GOLDEN

WE PATENTED COMFORT®

The Comfort Zone by Golden offers a stress-free reclining experience by providing patented, adjustable and supportive positioning zones that can increase your body's wellness and optimize the feeling of comfort.

Zone 1

LOWER BODY

The patented four-way motion of the seat helps provide relief to muscle and joint pain by placing your lower body in a supported ergonomic position.

Zone 2

UPPER BODY

The independent movement of the backrest, combined with the four-way motion seat box in Zone 1, creates our patented positioning that allows stress and strain to be released from your upper body by offering adjustable support for your back and shoulders.

Zone 3

HEADREST

The upward motion of the adjustable headrest allows for tension to be released from your neck and shoulders by supporting your head placement, while encouraging the natural shape of your spine.

Zone 4

LUMBAR

The custom and firm support of the adjustable lumbar can take pressure off your spine while giving your back muscles the chance to rest and rejuvenate.

Zone 5

TWILIGHT TILT

The tilting motion of the patented Twilight Technology provides a feeling of weightlessness and offers even more positioning options not available with other recliners. Encourage circulation by relaxing with your legs elevated or promote the release of muscle tension and joint pain in a comforting neutral position.

Comfort Zone Positioning Systems

FIVE-ZONE SYSTEM

Comfort Zones 1 - 5 - This positioning system includes all five adjustable comfort zones to create the ultimate wellness comfort experience. Each Comfort Zone can be adjusted independently by using the exclusive AutoDrive™ hand control.

FOUR-ZONE SYSTEM

Comfort Zones 1 - 4 provide an ergonomic comfort experience with an emphasis on head and back support. Each Comfort Zone can be adjusted independently by using the exclusive AutoDrive™ hand control.

TWO-ZONE SYSTEM

Comfort Zones 1 & 2 work together to create individualized wellness positioning and comfort. Each Comfort Zone can be adjusted independently by using the exclusive AutoDrive™ hand control.

ONE-ZONE SYSTEM

Comfort Zone 1 provides ergonomic placement of your lower body allowing your muscles to relax for long-lasting comfort. Comfort Zone 1 can be adjusted using the two buttons on the hand control.
