

PURSUIT²

INSERT YOURSELF: ANYWHERE

When it comes to adventure, you never hold back. So why should your mobility unit? Meet the Pursuit 2, built for when the road ends and the real journey begins.

The upgradable dual lithium batteries will have you traveling up to 40 miles per charge at a fast cruising speed of 9.3 mph.

The Pursuit 2 is the top choice for your next excursion, whether that's right down the sidewalk or miles down a dirt road.

TURNING RADIUS³ 69.3 in.

RANGE PER CHARGE^{2,3,5} Up to 40 miles at top speed

TOTAL WEIGHT⁴ 242.6 lbs. with standard battery
220.6 lbs. without batteries

WARRANTY

FRAME: Lifetime limited

DRIVETRAIN: 2-year limited

ELECTRONICS: 2-year limited

BATTERY: 3 years

*Pride® FDA Class II Medical Devices are designed to aid individuals with mobility impairments.

1. Maximum speed varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition, and tire condition. This specification can be subject to a variance of (+ or -) 10%.
2. Range per charge is established by testing conducted at maximum weight capacity, in accordance with ANSI/RESNA, WC Vol2, Section 4 & ISO 7176-4 standards. These results occur from theoretical calculations based on battery specifications and drive system performance.
3. Turning radius can be subject to a variance of (+ or -) +10%, -5% due to continual product improvement and shifts in manufacturing tolerances.
4. The unit's total weight may vary based on differences in battery weight by battery manufacturers.
5. With dual battery configuration.
