

Product Guide Book

FreeRider[®]

2018

Why choose us?

Here is the guide book for you to choose the FreeRider scooter. We disclose the details which you may not been known from others.

We guide book will lead you the most suitable products from our detail info.

Luggie

Luggie Series is the folding scooters that have been selling over 10 years. We're the pioneer and leader in folding scooter industries.

Nowadays, among the folding scooter competition, Will let you know the details you should choose us for your daily mobility purpose.

TravelRider

TravelRider is the redefinition of the portable power chair.

We adopt Luggie mechanical advantages to innovate the power chair for customers who has limit wrist capability in daily mobility. Also, we improve the **Traction Ability** from all the traditional power chair. Joystick will be followed and leaded to your direction with your feather touch.

FR Scooter

FR Scooter is the scooter for your longer journey demands. Every FR scooters are capable to ride min 20 miles in your journey.

FR Scooters are well-equipped with **Delta handle**, large seat. From solid tires to air, from bulb to LED, from fixed seat to angle adjusted ones, we offer more useful values on your scooters, but you spend less.

Zero-Worried to your Luggie Scooter

ZERO

Zero-Welding: Whole frame is adopted T6061 aluminum alloy which is common to be used aircraft material. Forging process to enhance the capability.

Zero-barrier: Without barrier in the front chassis design for outdoor terrain purpose.

Zero-Lifter: Multi-folding designing for you lift the trunk without lifter to save your cost & your space

Zero-upgrade: Luggie can be used all Luggie lithium-ion battery series.

*Classic model need to be adaptor.
